How to print this plugin into fronted theme

You can use this plugin as shortcode or you can use widget future of wordpress.

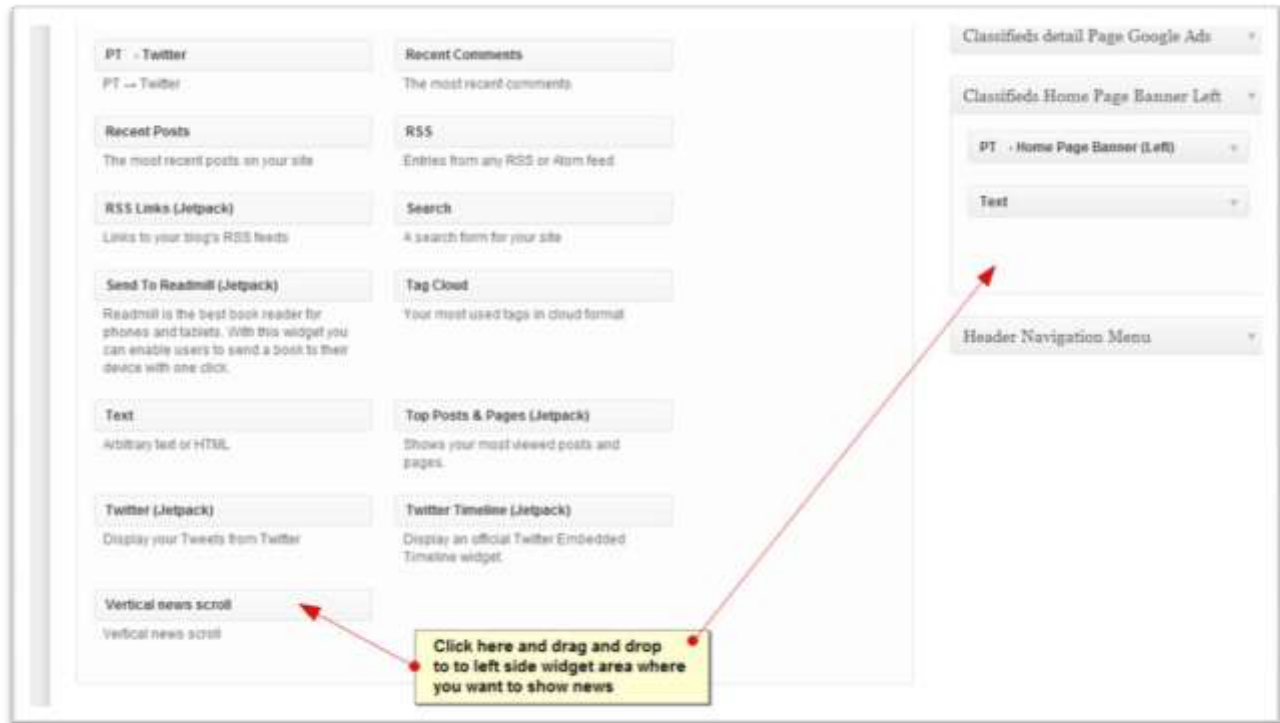

1. Widget

❖ Goto Appearance → widgets

The image shows a screenshot of the WordPress dashboard. On the left sidebar, the 'Appearance' menu is expanded, and 'Widgets' is highlighted. A red arrow points from a yellow box labeled 'Click on Widgets' to the 'Widgets' option in the menu. The main content area displays 'Welcome to WordPress!' and 'Get Started' with a 'Customize Your Site' button. Below this, there are statistics for Pages (5), Categories (39), and Tags (5,533). A 'Discussion' section shows 373 Comments, 74 Approved, 79 Pending, and 220 Spam. The footer indicates 'Theme Classifieds with 13 Widgets' and 'You are using WordPress 3.5.2'.

- ❖ Now there is list of Available Widgets just pick up “Vertical news scroll” and drag and drop to the any widget area on left side you want to show the news scroller.

- ❖ Now set required options in widget and click on save. In vertical news scroll there is option for modern jquery scrolling.

The image shows a WordPress sidebar with several widgets: Recent Comments, Recent Posts, RSS, Search, Tag Cloud, Text, and Vertical news scroll. The 'Vertical news scroll' widget is selected, and its settings are displayed in a panel on the right. The settings include:

- Vertical news scroll** (dropdown menu)
- Select News Style** (highlighted yellow box with an arrow pointing to the 'Modern' radio button)
- News Scroller Type:** Modern Classic
- Select News Category** (highlighted yellow box with an arrow pointing to the 'News Category 3' dropdown)
- News Category:** News Category 3
- Title:** News
- Add link to news title
- Max item from news:** 5
- Height of scroller:** 200 px
- Padding:** 5 px
- Show news content:
- Delay:** 5000
- Speed:** 1700
- Click "Save"** (highlighted yellow box with an arrow pointing to the 'Save' button)
- [Delete](#) | [Close](#)
- Save** (button)

- ❖ Now the news will available fronted side theme.
