## How To Mass Email

1. Login to your admin panel and in your admin panel sidebar menu click on Mass Email

The screenshot shows the WordPress admin dashboard. The top navigation bar includes the WordPress logo, site name 'Free Advertising - Classifieds', a refresh icon with '12', a comment icon with '91', a '+ New' button, and the user name 'AIOSEOP'. The left sidebar menu contains the following items: Home, Updates (12), Jetpack, All in One SEO, Posts, Media, Pages, Comments (91), Feedbacks, Appearance, Plugins (9), Users (1), Tools, Settings, and Mass Email. The 'Mass Email' item is highlighted with a red arrow. A yellow callout box with a black border and text 'To send Mass Email Click on "Mass Email"' points to the 'Mass Email' menu item. The main content area displays a 'Welcome to WordPress!' message with a 'Customize Your Site' button and 'Next Steps' links: 'Write your first blog', 'Add an About page', and 'View your site'. Below this is a 'Right Now' widget showing a table of site statistics:

Right Now	
Content	Discussion
31 Posts	83 Approved
7 Pages	91 Pending
39 Categories	

## 2. Select multiple emails and click on send email to selected users
