How to use plugin

1. This extension is already loaded with all settings and required data. If you wish to change you can login to admin panel and set settings.

2. Goto Newsletter Settings in admin menu

The screenshot shows the Magento 2 admin dashboard. On the left is a dark sidebar menu with icons and labels for Dashboard, Sales, Newsletter Popup Settings, Products, and Customers. The main content area is titled "Dashboard" and includes a "Store View" dropdown menu currently set to "All Store Views". Below this, there are summary cards for "Lifetime Sales" (\$61.00), "Average Order" (\$30.50), and "Last Orders". To the right of the Lifetime Sales card, there is a note "Chart is disabled. To enable the chart, click" and two summary cards for "Revenue" (\$0.00) and "Tax" (\$0.00). At the bottom right, there are two tabs: "Bestsellers" (which is active) and "Most Viewed Products". A red arrow points from the "Click Here" text to the "Newsletter POPUP SETTINGS" menu item in the sidebar.
