**Click "Save Change"**

## How to add portfolio grid into fronted?

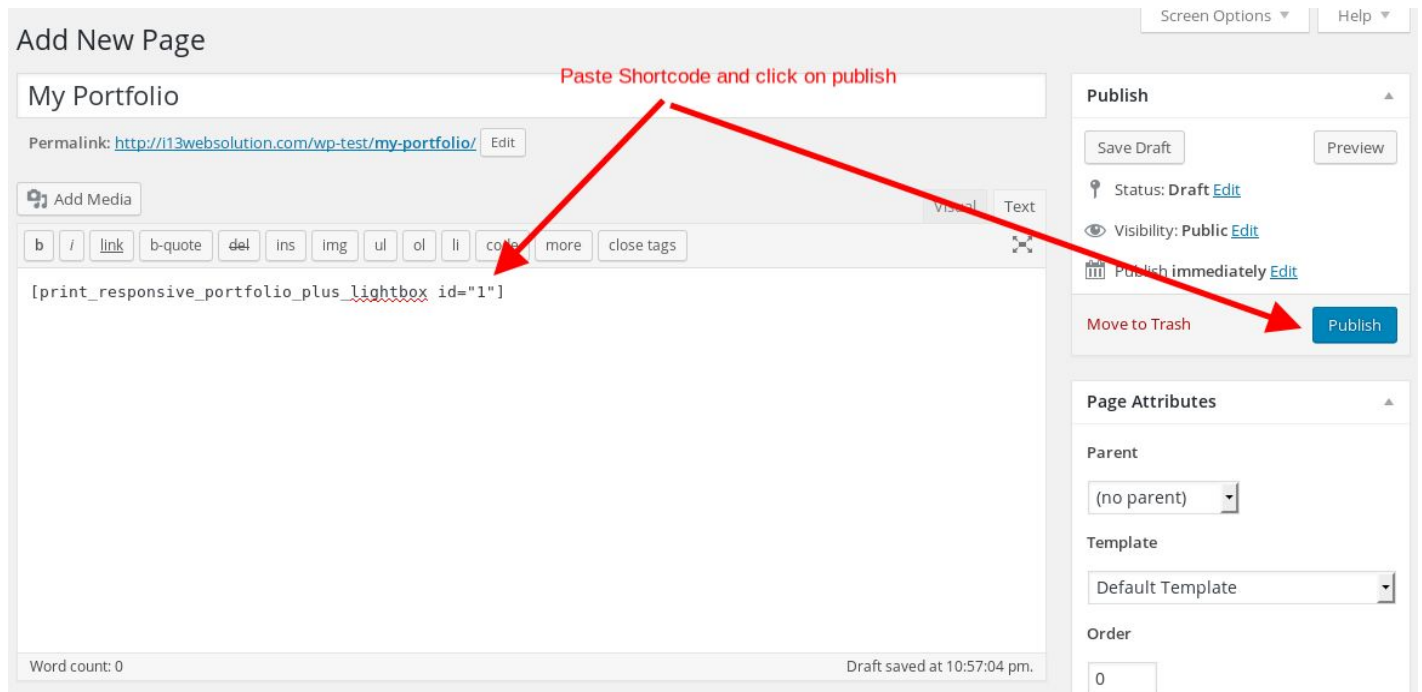

1. After login to admin panel. At bottom there is menu called "Responsive Portfolio" click on "Manage Portfolio".

2. Copy Shortcode of portfolio you would like to print into post or page

3. Go to page or post you would like to have portfolio grid. Open page or post into edit mode and paste shortcode.

The screenshot shows the WordPress 'Add New Page' editor. The page title is 'My Portfolio'. The permalink is <http://i13websolution.com/wp-test/my-portfolio/>. The text area contains the shortcode `[print_responsive_portfolio_plus_lightbox id="1"]`. A red arrow points from the text 'Paste Shortcode and click on publish' to the 'Publish' button in the right-hand sidebar. The sidebar also shows 'Save Draft', 'Preview', 'Status: Draft', 'Visibility: Public', 'Publish immediately', and 'Move to Trash' buttons. The 'Page Attributes' section shows 'Parent: (no parent)', 'Template: Default Template', and 'Order: 0'. The bottom of the editor shows 'Word count: 0' and 'Draft saved at 10:57:04 pm.'

## How to call portfolio grid into PHP theme file?

You can print portfolio grid by following code where id is your actual grid id.

```
<?php echo do_shortcode('[print_responsive_portfolio_plus_lightbox id="1"]'); ?>
```

## Support

You can ask for support on [support@i13\\_web\\_solution.com](mailto:support@i13_web_solution.com) It may take 12 hours because of Time zone difference.
